10/16/2012	16	90-0512A	Annis, John W.	St. Armand		RU	5	No		Construction of a 60 ft. by 120 ft. commercial storage building for boats and automobiles. The building is part of the commercial use approved in Agency permit 90-512, and will replace a commercial storage building previously authorized by that permit. The commercial use has been in continual operation on the site since 1992. The storage building will have a dark green metal roof and dark brown metal siding. There will be two fully shielded exterior lights on the 60 ft. long northeast elevation of the storage building.
10/17/2012	16	2010-0127	Delaney Crushed Stone Product, Inc.	Northampton		RM	2	No		The action involves increasing the depth of a previously permitted sand and gravel extraction to approximately 30 feet below the ground water table to create an 18 acre pond to be used as a non-potable water source and a storm-water management and sump/settling pond to be used for the existing mining operations on site. The existing infrastructure will be rerouted and modified on site to utilize the new pond as a water supply for the mining operations. The existing water supply system which takes water from a drilled well and Woodward Lake will be abandoned if this project is approved and undertaken.
